

## Lodi Stone Table Red

### Vineyard

Four different vineyard sites were used in our Stone Table Red blend. Vineyard sites are located in Lodi, Napa Valley and Russian River Valley California.

### Production

Our Stone Table Red is uniquely blended for each bottling. Always striving for a fruit forward and well-balanced experience, each component of this wine is harvested, fermented and aged individually. Comprised of 80% Lodi Cabernet Sauvignon, 10% Napa Valley Merlot, 5% Russian River Valley Petite Sirah and 5% Lodi Zinfandel, all lots are from the 2013 vintage. 18 months of barrel aging in a preponderance of American oak barrels allows for concentration of the wine and integration of the spicy oak flavors.

### Tasting Notes

Enjoy our easy drinking red blend with a long smooth finish. Notes of black cherry, spice and subtle earthy nuances are evident on both the bouquet and palate.

### Technical Data

Alcohol: 14.1%  
pH: 3.67  
Acidity: 6.2 g/L  
Production: 900 cases
